Re:  **Fetuses**

Dear Doctor Diaz and Captain Heraud:

I am an attorney licensed to practice law in the State of California and all federal courts. I have been contacted by an entity that very recently came into possession of  fetuses. The fetuses were provided by a whistleblower whose identity is unknown. It appears that some of the fetuses were a result of late-term abortion(s) or possibly live birth abortions. The fetuses are presently in Washington, DC.

The purpose of this communication is to advise appropriate authorities of this situation and request an investigation and forensic examinations be undertaken as required by applicable law.
